

Leadership Development Programme for Chairmen/Directors of UCBs & T/C Cooperative Societies, 31st July - 2nd August, 2019 – A Report

NCCE of National Cooperative Union of India organized a 3- day training programme from 31st July to 2nd August, 2019 at New Delhi, in collaboration with NAFCUB for up-gradation of knowledge/skills on Digital Banking & Cyber Security for board of directors and managers of Urban Cooperative Banks & Thrift & Credit Cooperatives of the country. The aim was to refresh and hone their leadership skills by educating them on various aspects of governance like cooperative ideology, with special emphasis on cyber-security and prevention of financial frauds in view of the digitalisation of the banking sector. The programme was attended by 47 participants from all over the country.

While inaugurating the programme Dr. V.K. Dubey, Director, NCCE said that the cooperative credit sector is has been practicing financial inclusiveness by financing small businesses and members of all strata of the society long before it became a fad in rest of the country. Sh. Yogesh Sharma, Director, NAFCUB thanked the participants for taking out time to attend the training programme and appreciated the role being played by NCUI through its education wing NCCE for imparting quality training to the leaders, members and employees of the cooperative sector.

The Chief Executive, NCUI Sh. N.Satyanarayana also met the participants on the last day of the programme and hoped that the cooperative banks will soon start digitalisation of their banking services like other nationalised and multi-national banks and face the technological challenges of the day.

The programme was well-received by all the participants who found the course content relevant and stressed that such programmes must be conducted for longer durations specifically on **“Cyber-Security for the Banking Sector”** which is the need of the hour.

The programme was coordinated by Mrs. Sandhya Kapoor, Dy. Director, NCCE
