Subject : Programmes at Skill Development Centre of NCUI in NOIDA – Reg.

Dear Sir,

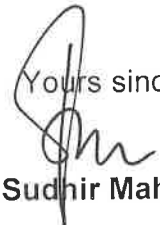

I wish that you, your family members and colleagues are keeping well and safe during this difficult time.

I wish to inform that the building for the “Skill Development Centre of NCUI” is nearing completion within few months and expected to be soon operational at Sector-80, NOIDA. NCUI is exploring to forge collaboration with institutions like National Skill Development Corporation (NSDC), National Institute for Entrepreneurship and Small Business Development (NIESBD) and other related institutions for promotion of various activities/programmes on skill development and entrepreneurship for members of cooperatives and other organisations through this Centre.

I would like to take this opportunity and request you to apprise us about the requirement of Skill and Entrepreneurship Development Programmes for your sector viz. title of the programmes, number of participants (to be nominated/sponsored) etc. on yearly basis. This will enable us to prepare a road map/calendar of programmes to be conducted in this upcoming Skill Development Centre. It will be very helpful and effective, if you could kindly arrange to provide us the necessary inputs and requirements of the sector at the earliest, as we are already in the process of discussion for collaboration with various institutes related to skill development and entrepreneurship.

I look forward to get your valuable inputs & suggestions for various collaborative programmes pertaining to your sector in the upcoming Skill Development Centre of NCUI.

With best regards,

Yours sincerely,

(Dr. Sudhir Mahajan)
